

**Empower Your  
Workforce  
with Mobile  
Technology!**

- Consolidate the signing process. Sign Once and the driver's signature is electronically captured and applied to multiple shipping documents.
- Print shipping documents when signature is captured.
- Signatures permanently and securely attached to signed documents for reproduction if originals are lost.
- Minimize copies, maximize efficiency.
- Stores signature date and time within iCARaS.
- Developed for Tablets  
Runs on iOS, Android, and Windows.
